

Exteriors

With Chief® Custom Homes, you can dress up the outside with as much care and attention as the inside. We can add custom-look features such as siding or shingles in the gables, add window grilles or window trim or even add a belly-band of trim around the house for an extra touch of detail and sophistication.

Siding

You can give your home just the look to fulfill your dreams with James Hardie® siding available on all Chief® Custom Homes. Available in a variety of colors and textures, HardiePlank® is engineered to weather any climate. Its strength, beauty and durability will give your home a look that's all your own for years to come.
